Moorefield Girls High School

High Potential and Gifted Education Programs

Inspiring Young Women

"We learn more at Moorefield Girls High School. Our teachers take the time to challenge us while explaining concepts and they care about us as students and as people. Teachers here are very special. They put all their efforts into teaching us and making sure we succeed." *Eva Year 10*

Moorefield Girls High School

High Potential Programs

Students are placed in High Potential and Gifted Education (HPGE) programs based on academic merit. In year 7, students are placed according to entrance assessment and their academic merit and achievements. Year 6 students are required to directly apply to Moorefield Girls High School for Academic testing in order to be placed into the HPGE programs. The focus of the programs is to provide real world project based learning opportunities that enrich and extend the students.

Talented Artist Program

We offer an enriched Visual Arts program leading to enhanced learning outcomes in the creative arts key learning areas. The School provides encouragement and support for students to develop and enhance their current Visual Art skills. The School will provide opportunities for students to exhibit their talents both in school and the wider community. This program runs across years 7 to 12.

Talented Athlete Program

This is a talent identification program for talented sports people. In this program, Elite sportswomen utilise their expertise to develop and nurture the talents of our students. The School provides opportunities for students to participate in representative sport at all levels.

High Potential and Gifted Education Programs

Are you looking for a supportive and safe learning environment which will cater to the individual needs of your gifted or talented daughter?

Moorefield Girls High School has been recognised for many of its initiatives including our programs catering to the specific needs of gifted or talented students. Through specially targeted programs, our highly qualified staff enrich our students academically, in sport and through the creative and performing arts.

- Each student who is part of our High Potential program has a personalised learning plan
- Project based learning
- Extracurricular activities
- Enrichment and extension activities

Moorefield Girls High School provides an enriched environment with stimulating intellectual challenges and opportunities for our students to turn their gifts into talents.
